DIVISION OF INSURANCE

49th ANNUAL
INSURANCE REPORT
Calendar Year 1986
Fiscal Year 1987

J. Anthony Smith, Commissioner

John L. George, Director

LETTER FROM THE DIRECTOR OF INSURANCE

Submitted to the Commissioner of Commerce and Economic Development
And Members of the Alaska Legislature:

As Director of the Division of Insurance for the State of Alaska, I am pleased to submit to you the 49th Annual Insurance Report for the 1986 calendar year as provided for in AS 21.06.110.

In a time of declining overall state revenues, insurance premium taxes continue to increase and provide a significant nonoil-related contribution to the state's general fund. Additionally, insurers continue to invest their assets in the State of Alaska through municipal bonds, local utility bonds, and mortgages which benefit all Alaskans.

A recent major accomplishment of the Division of Insurance was its smooth handling of the Pacific Marine Insurance Company of Alaska (PACAK) insolvency. The insolvency had the potential to affect all of the company's policyholders, but to date none has suffered a loss due to the division's prompt actions.

Pacific Marine Insurance Company of Alaska was declared impaired and insolvent as of December 31, 1986 and was placed in receivership for the purpose of rehabilitation by the Superior Court of Alaska on June 23, 1987. The order of rehabilitation required me to take immediate possession of the property of the insurer, to conduct its business and to take such steps for the removal of the causes and conditions which made rehabilitation necessary. I appointed Wayne L. Soward, former Idaho Director of Insurance, and Robert C. Ely, Anchorage lawyer and business consultant, as deputies to assist in carrying out the administration of the rehabilitation effort.

This was the first insolvency of an Alaska domestic insurer since 1969. The division demonstrated its ability to respond quickly to a financial crisis in order to protect Alaska policyholders.

Another accomplishment of the division has been its continued success with its Market Access Program (MAP). When the division becomes aware of insurance procurement difficulties some segment of the insurance buying public is having, it steps in to resolve the problem.

An example is the division's work to increase the markets for wooden boat hull insurance. While the bulk of this work was done in FY 86, the results continued to be felt in FY 87 with the insolvency of PACAK. Since the division had educated both marine insurers and wooden boat owners on how to deal with wooden boat risks, more insurers are willing to write this coverage. When PACAK was declared insolvent, other new markets had been developed to provide coverage for former PACAK policyholders. Policyholders, therefore, did not generally experience a loss in insurance availability.

Market Access Programs are valuable because they increase the coverage options available to the consumer and they identify areas of market expansion for insurers. They create competition in formerly undesirable lines of insurance which keep the cost of insurance at nonexcessive levels.

Contained in this report is a limited summary of Alaska premium and loss experience and other facts which we hope will be of interest. More specific detailed information is available from the Division of Insurance upon written request and payment of any applicable fees.

As a result, the division is redirecting its efforts toward administrative disciplinary actions.

Investigations range from arson to acting outside the scope of an insurance license. Most investigations relate to producers' handling of premiums, transaction by unlicensed persons, insurance scams and fradulent claims.
